Pole Display

- Bright vacuum fluorescent display
- Two-line display with 20 characters per line
- Large characters for easy viewing (11.25mm by 7.2mm)
- Long life and trouble free operation
- Generous base best for freely stand alone application in PD2200 series.
- Two adjustable viewing angles
- Pole height adjustable
- Display frame is horizontally slidable, and 360° rotatable freely
- Brightness adjustable by software
- Simple installation
- Direct interface connection with computers and peripherals
- Standard Serial Interface for both series and with pas through capability for PD2200 series.
- Multiple choices for power supply source.

Dot Matrix 60 column Printer

- Allows users to print on wider receipts
- It supports 152.4mm (6") width fanfold paper for the issuing of receipts. Roll paper can also be used if the optional roll paper holder is attached to the printer.
- Saves counter space
- At only 275mm (10.83") wide, it is compactly designed to allow easy installation even on counters with limited space.
- High quality printing
- Its 24-pin print head supports printing of Indian texts in high resolution both by the command control and through a Windows® driver. 10 local Indian language device fonts are pre-installed. In addition, it is designed to perform well in dusty or sandy locations.

Area of Business applications supported by Retail Experts

Super Markets / Jewellery Stores / Book Stores / Shoe Stores / Textiles / Apparels / Boutiques / Foot Wear / Canteens / Beauty Saloons/ Hotels / Travel Agency.

Hardware

- High Speed: 300mm/s.
- Low noise thermal printing.
- Support Parallel port, CENTRONIC , and Serial Port (RS_232) .
- Data buffer built-in (Able to receive printer data while printing) .
- Equip with circuit driving peripheral to control external device such as cash box.
- Command support ESC/POS select different printing density.
- Support NV bitmap download and printing.
- 100 Km Head Life.
- Auto-cutter 1 , 000, 000 cuts

Zebra Barcode Printer GC-420t

Zebra's feature-rich, competitively priced GC420™ desktop printer brings Zebra quality, durability and reliable performance to many low- to medium-volume, direct thermal and thermal transfer printing applications.

The GC420 printer's compact, space-saving design contains a powerful 32-bit processor for fast label throughput, and 8 MB Flash memory for increased storage of fonts and graphics. The GC420 supports media widths up to 4.25"for standard desktop applications.
It also includes both EPL2™ and powerful ZPL II® programming languages—making it easy to integrate with other Zebra printers. Peeler/dispenser option extends the GC420 printer's versatility to meet an even greater variety of applications.

Table Top Scanner

- Fully automatic scan operation
- PowerLink, user-replaceable cables and MetroSet® and MetroSelect® configuration
- 20 scan line omnidirectional pattern: Provides aggressive scanning as an additional benefit to hand presentation applications
- Single Line Option: With the push of a button, switch to a targeted scan ideal for menu scanning
- Adjustable scan head: Ability to tilt scanner 30º for targeted scanning or larger products
- EAS: Deactivate an EAS tag and decode a bar code in a   single scan
- 7 beeper tones
- Bits 'n' Pieces® data editing
- Decodes RSS-14, RSS Limited and RSS Expanded bar codes
- Mountable to a wall or under checkwriting stands
- Customize the depth-of-field for tight scanning environments
- Custom edit the bar code data to meet the requirements of the application
- OPOS and JPOS system compatible
- Warranty: 3 Year Factory Warranty

Hand Scanner

- Light Source : Visible Laser Diode 650 nm ± 5 nm
- Laser Power : < 1.0 mW @ peak power
- Depth of Scan Field :0 mm - 140 mm (0-5.5) for 0.330 mm (13 mil) bar codes
- Width of Scan Field :49 mm (1.9) @ face; 195 mm (7.7) @ 140 mm (5.5)
- Scan Speed :72 scan lines per second
- Scan Pattern : Single scan line
- Minimum Bar Width 0.102 mm (4.0 mil)
